MISSION OF REGIONAL EDUCATIONAL SERVICE AGENCIES AND INTERMEDIATE SCHOOL DISTRICTS

Michigan’s regional educational service agencies (RESAs) and intermediate school districts (ISDs) are responsible for assuring quality programs and services. RESAs and ISDs interact and cooperate with other RESAs, ISDs, local school districts, the Michigan Department of Education, the state legislature, higher education, service delivery areas, human service agencies and the private sector so that programs and services are delivered effectively, efficiently, and equitably. Michigan RESAs and ISDs help all children learn.

Role of the Marquette-Alger RESA

The Marquette-Alger RESA works cooperatively with all local school districts within the two-county area to provide educational services in a cost-effective manner. Marquette-Alger RESA assumes a leadership role in assuring that effective educational services are provided for the youth in the public school districts, public school academy and non-public schools. The leadership team which provides direction for such planning includes the Marquette-Alger RESA Superintendent and administrative staff in conjunction with all local superintendents. The planning is accomplished through regular monthly meetings of the Marquette-Alger Superintendents’ Roundtable. Annually, Standing Committees are established through the Roundtable to focus on specific issues which require development, study, monitoring and review.

Members of the Marquette-Alger Superintendents’ Roundtable include:
